VirtueMart is an Open Source E-Commerce solution to be used together with a Content Management System (CMS) called Joomla!. Joomla! and VirtueMart are written in PHP and can be used in typical PHP/MySQL environments.

With its fully-featured eCommerce engine, **VirtueMart** is perfect to sell your Goods online and drive your Business to new Heights. Despite being Open Source Software it powers large Online Shops providing the

e **Performance**, **Usability** and **Security**

ity

you expect from professional Software. There are TWO categories for Virtuemart payment gateways.
